Phnom Penh: To celebrate the Women’s Day, following the UN Theme on “Innovation for Equality” that technologies can empower women and girls worldwide for their daily lives and work productively, SEAMEO TED gathers all staff, including five female ones to commemorate the achievement and equality of women and girls on March 09, 2026, attended by 18 staff, among a total number of 22. During the celebration, **Dr. Songheang Ai**, director of SEAMEO TED, raised the importance of women’s roles in cultivating skills and achieving work success. He also stressed that “*Women’s roles can complement the men’s roles that both of them can work and cooperate each other for the work and life success that each one can’t skip another one*”.

Mr. Suong Saruon, head of public relations and partnership division, representing all male staff, raised the high values and equality of women’s roles in achieving the center outcomes. He stressed that *“I highly appreciated the roles of women, not only one day, but all days. The women’s rights have been raised already so that women’s roles played an important part in complementing each other for all types of work, including daily lives”*.

The celebration highlighted the consolidation and loyalty of all staff collectively, appreciating the achievements of women's work. After the celebration, all attendees were invited to have lunch together for fun and good memories.

Note that SEAMEO TED has celebrated it annually for the sake of gathering, and sharing core values, following the sub-strategy on *Promoting Gender Equality for Participation in Continuous Professional Development Programs, Fostering Supportive Learning Environments* of strategy 7 (To Promote Equality Access and Inclusion for Technical Education Ensuring a Future-Ready Workforce) of its 2nd five-year strategic plan.
